Introduction

Pearse Energy is a major service provider in the Oil & Gas and Petrochemical Industry. We specialize in Engineering, Procurement, Inspection, Maintenance, Power Generation Equipment Rentals and Manpower supply. Born out of a vision to offer innovative bespoke solutions to the industry, we have a strong presence in Africa, North America, and South America. At Pearse Energy, our goals are simple: to provide innovative solutions that help reduce overall costs and increase efficiency, while excelling at client services in the process. We take a client-focused approach, engaging you as a partner to develop goals and projects that are in line with your bottom line.

Our Vision

To be the most trusted, reputable, and proficient service provider of the oil & gas and petrochemical industries to provide solutions that encourage sustainability and efficiency.

Our Mission

Our mission is to provide value through innovative, cost efficient engineering, procurement, inspection, and maintenance services, delivering quality customer service with top notch leadership to achieve every client goal.

Our Values

At Pearse Energy, we run our business guided by our values of professionalism, efficiency, and integrity. Through our values, we work to earn the trust of our clients, partners, and industry wide stakeholders.

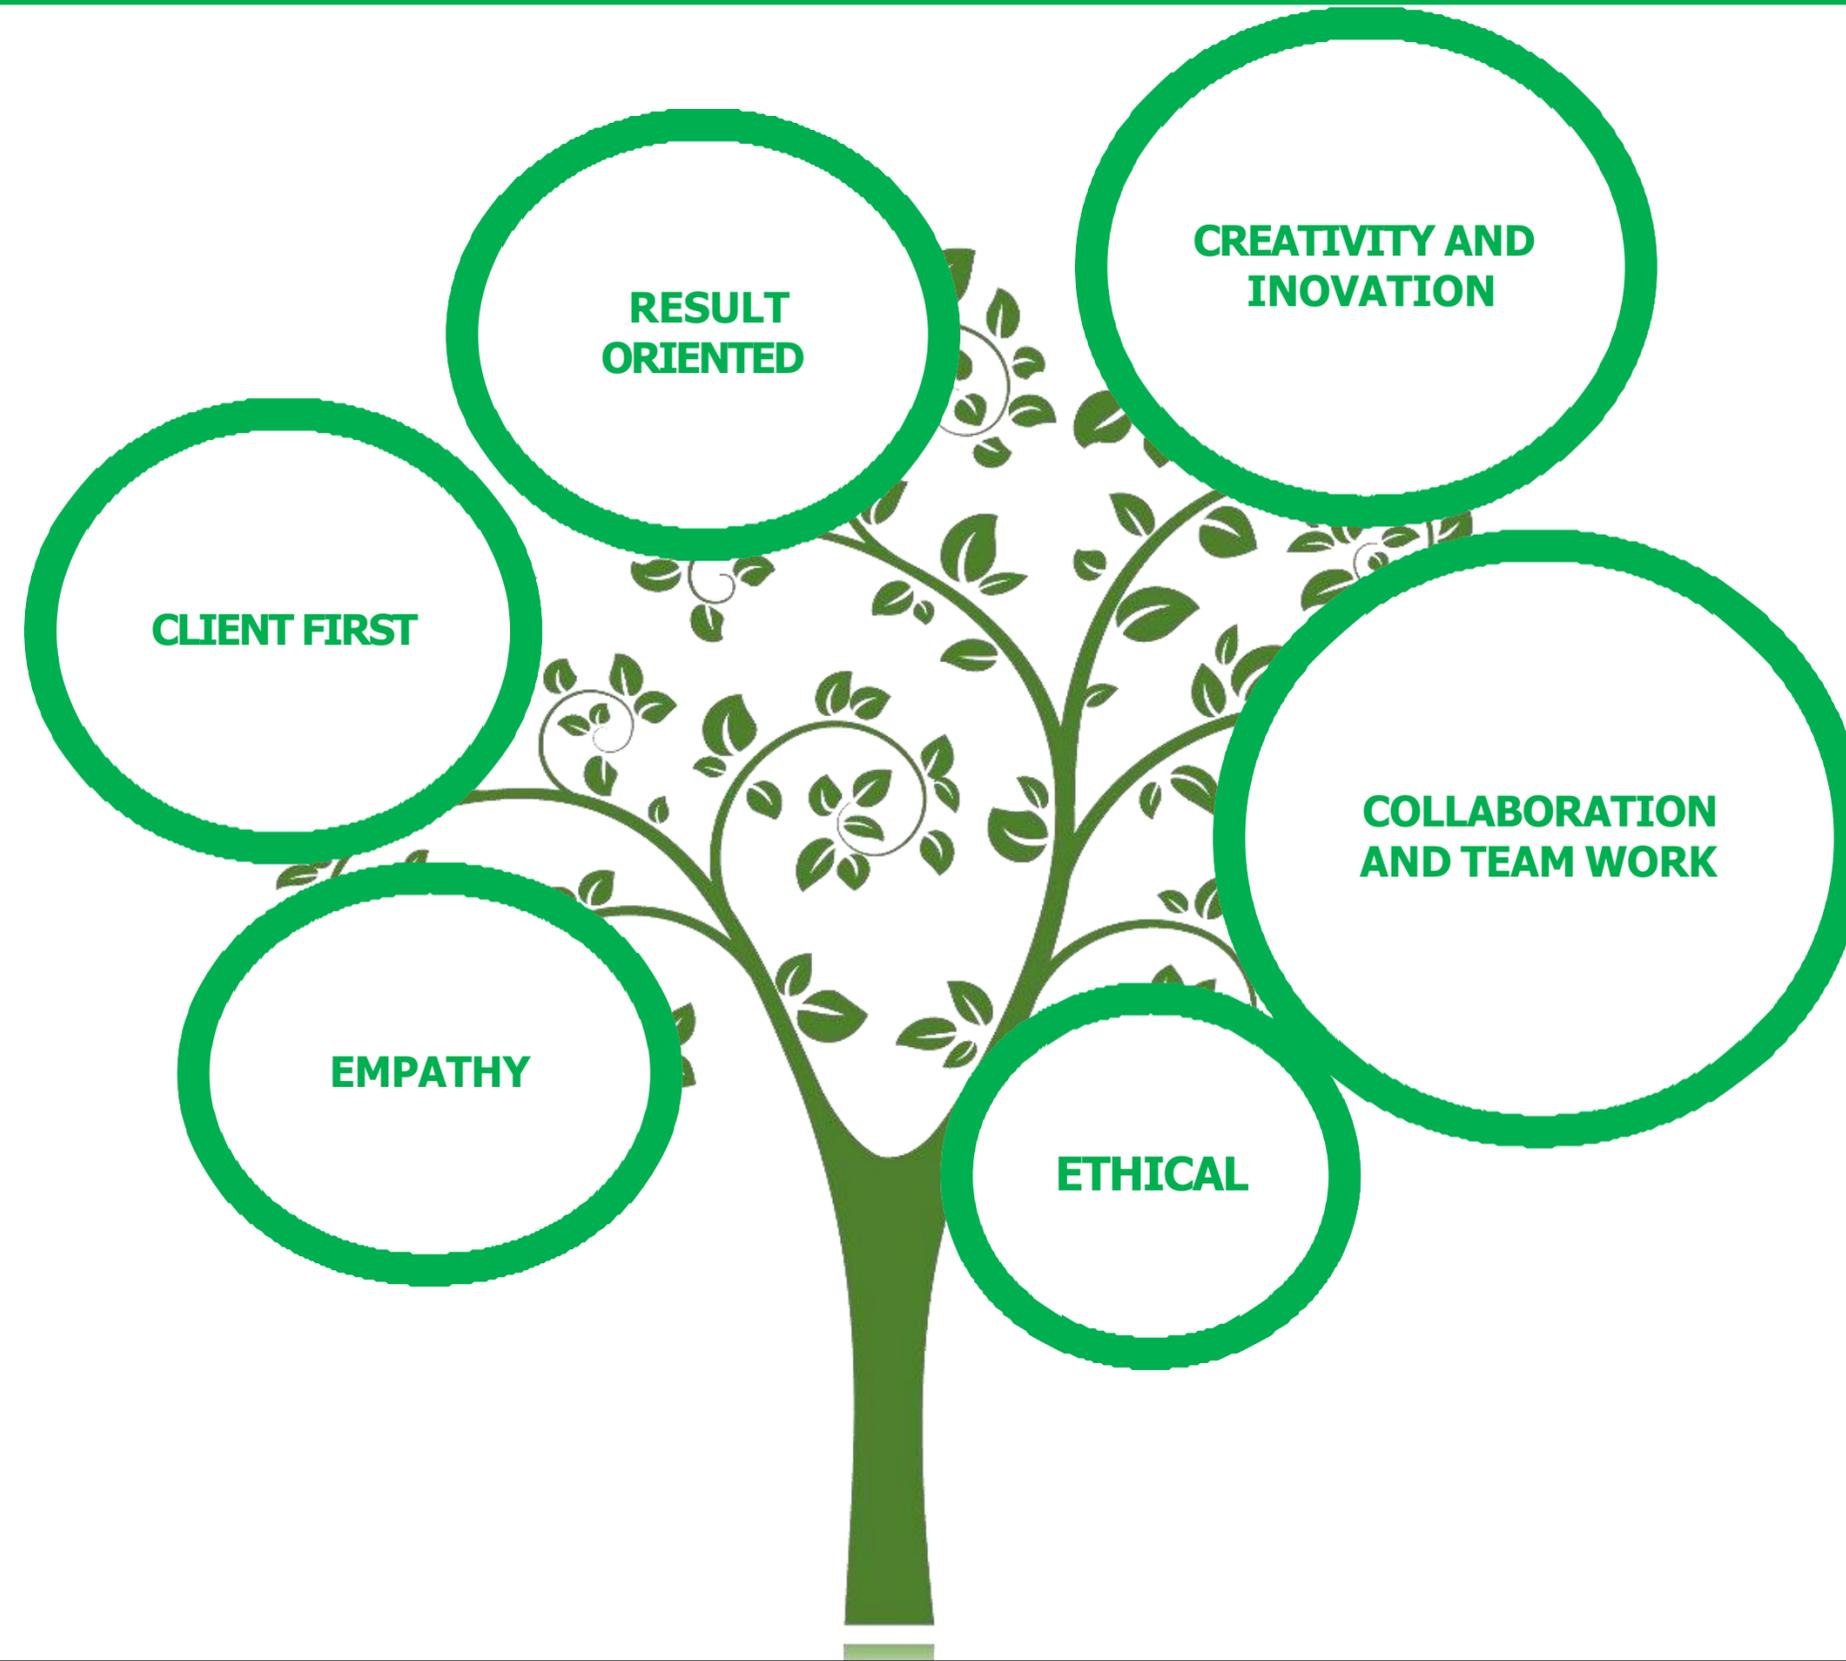

Efficiency

We are dedicated to maintaining efficiency at every level of service- from the office to the drill site. We have an unwavering commitment to remain practical and focused, yet innovative, so we can achieve goals together at a quick pace.

Integrity

We work with integrity, staying committed to our client's needs and providing honest feedback when it's needed.

CORE VALUES

PRODUCT AND SERVICES

Presentation by Pearse Energy

- **Engineering Services**
- **Procurement Services**
- **Inspection & Maintenance Services**
- **Power Generation Equipment Rentals**
- **Manpower Supply**

ENGINEERING SERVICES

Pearse Energy provides customized subsea engineering services tailored to formulate innovative solutions to clients' challenges. We conduct our business based on the principles of sustainable development to provide maximum value for our clients. Pearse Energy capabilities covers comprehensive services, including engineering designs, FEEDs, field development, components & system engineering, pipeline & flowline engineering, riser & umbilical engineering.

- Software & Digital Engineering
- Field Development
- Riser and Umbilical
- PIMPro-X Pipeline Exposure, Flowline & Risk Priority Ranking

PROCUREMENT SERVICES

Leveraging on our longstanding alliances with Original Equipment Manufacturers (OEM) and an ever-expanding group of qualified high value suppliers, Pearse Energy is able to efficiently source and execute our customers' projects. At Pearse Energy we have a complete procurement and supply chain management unit that provides services for domestic and international clients.

They source for suppliers, buying, expediting orders, inspecting the manufacturing of equipment and bulk material as well as organizing delivery and logistics. Our network of valued supply partners enables us to create proven procurement strategies to minimize cost and meet the schedule of our customers.

Major Product areas we offer include (but not limited to):

- **Safety Equipment**
- **Hoses**
- **Fire Blanket**
- **Valves, Flanges, Gasket, Bolts**

- **Pumps and Compressors**
- **Structural Steel & Tubes etc.**
- **Marine & Offshore cables**
- **Pipes casing drill collar, OCTG , tubing Ropes,**
- **Heavy duty equipment- Cranes, forklifts etc.**
- **Electrical equipment & Materials- Switchgears**
- **Flowmeters and Gauges: Ultrasonic flowmeters and Pressure gauges etc.**
- **CPVC Spool**
- **Office Equipment**
- **Hawsers, Shackles & Chains. etc.**
- **Subsea Umbilical, risers and flowlines. (SURF)**
- **Detectors: Survey Meters, Fire and Gas detectors etc.**

INSPECTION & MAINTENANCE SERVICES

At Pearse Energy we understand that the inspection & maintenance of assets is vital to remain cost effective in the market. A broad range of proven IMR services options are available, and our passion for new challenges means we are constantly improving our services. Our stringent quality assurance program aims to meet international standards in all activities and exceed our client`s expectations.

Our teams witness key activities during equipment manufacturing to verify conformance to specification and quality standards. Our personnel are trained and qualified to the highest local and international standards and we take pride in evaluating new techniques to establish value and usefulness to our clients. We offer comprehensive services to mitigate challenges, improve reliability and safety upon project completion.

Whether in refurbishing or complex equipment replacement/installation, the work is planned in detail and executed by qualified Engineers. With environmental and safety concern integrated to the plan from onset and controlled rigorously till the end of the project.

Our Inspection, & Maintenance services team are dedicated to delivering quality service always at all point, whether it be onshore, offshore, subsea oil & gas locations.

Services which includes:

- **Valve Integrity Management; inspection, maintenance & installation**
- **Rotating Equipment maintenance Services (Power Generators and Turbine)**
- **Crane Inspection & Maintenance Services**
- **Gas Plant Re-modification**
- **Helipad & Helifuel System Maintenance**
- **Hose/Pipe Inspection and Testing**
- **Calibration Services**
- **Flare Stack Inspection and Maintenance**
- **Asset Integrity & Management (Onshore)**
- **NDT Services (Conventional & Advance NDT and QA/QC)**
- **Pipeline Inspections, (piggable & non-piggable lines,) maintenance and Repair.**
- **Wellhead maintenance**
- **Drone Inspection**
- **Non-Hot Work Remediation/Repairs & Corrosion Prevention**
- **Water Treatment**

SUBSEA SERVICES

- **Sub-marine Hose Inspection, Testing and Installation.**
- **Sea Bed Inspection & Survey**
- **Underwater Anode Replacement and Installation**
- **Marine Vessel Support Services**
- **Water treatment/Fresh Water Maker**
- **Tank Inspection**
- **Harbor, Pontoon, Pier & Jetty Inspection**
- **Subsea Valve Inspection**
- **SPM Buoy Inspections and Maintenance**
- **Underwater Inspections & NDT Services**
- **Hull Thickness Gauging**
- **Inspection of Marine Equipment & Certification.**
- **Installation of Cathodic Protections**
- **Mooring Chains Inspection & Mooring System Cleaning Services**
- **Diver Assistance**
- **Hull Cleaning.**
- **Rope Access**
- **Remotely Operated Vehicle (ROV) Surveys & Inspection**
- **Platform Inspection**
- **Propeller Repairs & Maintenance on vessels.**
- **Hull Underwater Structural Inspection and Repairs.**
- **Underwater Welding and Cutting Services**

OUR CLIENTS

COMPLETED PROJECTS

GELO INTEGRATED SERVICES LIMITED

Project: Inspection and Maintenance of Overhead Crane

Facility: GELO Workshop Port Harcourt Rivers State.

- Visual Inspection of overhead crane
- NDT on Overhead Crane
- Fabrication & Installation of Overhead Crane
- Replacement and repair crane parts.

COMPLETED PROJECTS

● BRITANIA-U NIGERIA LIMITED

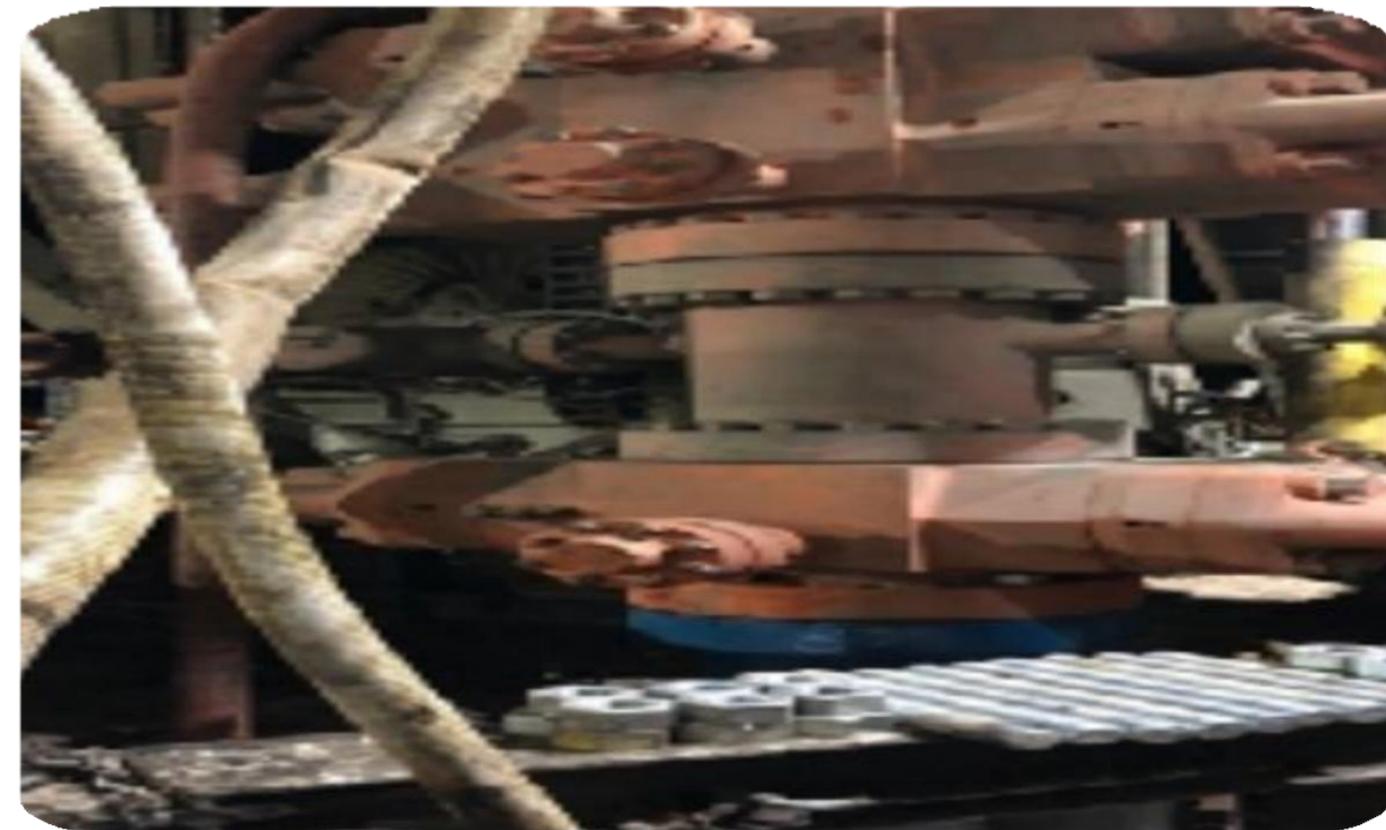

Project 1: Procurement of Safety Relief Valve

Facility: Brittonia-U I FPSO Ajapa Marginal Field (OML 90)

Project 2: Inspection and Maintenance of hoses, more than 6 years in service

Facility: Brittonia-U I FPSO (Nigeria West Africa)

- Performed Safe Working Life Extension(SWLE) for representative hoses (one for main line and one for FPSO end hoses/Tail hoses)
- Burst Test
- Lab Analysis on sample taken from burst test (To analyze rubber degradation)
- Bent and Kerosene test
- Other OCIMF test.
- Pressure, vacuum, electrical continuity test etc.

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 1: Inspection and Maintenance of Overhead Crane

Facility: Brittania-U Workshop Warri Delta State.

- Visual Inspection of overhead crane
- NDT services on Overhead crane
- Replacement and repair crane parts.

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 1: Inspection of Flare Stack System

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

Year: 2019

- Visual Inspection
- Ultrasonic Thickness (UT) Testing
- Magnetic Particle Inspection (MPI)
- Flare Tip/Ignition System Inspection
- Gas Seal and Knock-out Drum (KOD) Inspection

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 3: 24 Months, OCIMF Maintenance and Inspection of hoses in service.

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

- Hose string visual inspection and individual hose visual inspection(internally and externally)
- Individual Hose Pressure Testing at 1.5 times of operating pressure, length/elongation measurement, and assessment of condition of post testing Electrical continuity test of the hose section.
- Hose string leak test Upon completion of testing and hoses assembled into string.

Project 4: Spare hose Inspection and Maintenance

Facility: Brittania-U I FPSO (Nigeria West Africa)

- Through external visual inspection
- Bore Inspection
- Pressure Test at hose rated pressure

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 2: Inspection Maintenance and Repair of Crane Parts

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

- Inspection of crane parts
- Maintenance and repair of crane parts (Gearbox; Planetary, BRAKE UNIT FOR GEAR, WINCH GEARBOX, PRE-STAGE GEAR DOUBLE, GEARBOX, PRE-STAGE SOH/TXT, Wire rope Ø28mm x 195m, LEVEL GAUGES,

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 5: Well head installation & maintenance

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

Project 6: Installation of Vessel pump

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 7: Helipad & Helifuel System Inspection and Maintenance

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

BRITTANIA-U NIGERIA LIMITED

Project 8: Crude oil Offloading Hose Inspection, Testing and Maintenance

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

COMPLETED PROJECTS

BRITTANIA-U NIGERIA LIMITED

Project 2: Inspection & Maintenance of Flare Stack System

Facility: Brittania-U I FPSO Ajapa Marginal Field (OML 90)

Year: 2021

- Visual Inspection of Flare system
- Electrical & Instrumentation Checks
- Cleaning and Maintenance (Flare tip assembly, Ignition/Pilot system, Flare stack Body, Guyed Stacks, KO Drum, Gas Pipe and Valves)
- Post Maintenance Testing.

COMPLETED PROJECTS

BW OFFSHORE NIGERIA LIMITED

Project : Procurement of 10 string 20” x 38.5ft Single Carcass Mainline Fully Floating Hose and accessories.

Manufactured by: Flexomarine

Facility: Sendje Berge FPSO

COMPLETED PROJECTS

CHEVRON NIGERIA LIMITED

Project 1: Procurement and Installation of 6 - unit
Circuit Breaker, Power-VAC 11KV,1200 AMPS.

Manufactured by: Powell Industry Inc.

Facility: Agbami FPSO

Project 2: Procurement of Fireproof Hose

Manufactured by: Copper State Rubber

COMPLETED PROJECTS

CHEVRON NIGERIA LIMITED

Project 3: Procurement of FPSO Tandem Mooring
Hawser **Manufactured by:** Offshore & Trawl Supply AS
(OTS) **Facility:** AGBAMI FPSO

Project 4: Procurement of VITA ESP II, Contamination Control
System for Hazardous Atmosphere, Pneumatic Driven
Manufactured by: Fluitec
Facility: ESCRAVOS GAS PLANT

COMPLETED PROJECTS

CHEVRON NIGERIA LIMITED

Project 1: Provision of Generator rental services for EGTL turnaround maintenance activities - Contract - 2023.011615

Facility: ESCRAVOS GAS-TO-LIQUID PLANT (EGTL)

COMPLETED PROJECTS

NIGERIAN PETROLEUM DEVELOPMENT COMPANY LTD (NPDC)

Project: Provision of wellhead maintenance

Facility: OML 30/OWHE WELL

Location: Otor-Owhe, Isoko North Delta State, Nigeria

COMPLETED PROJECTS

ADDAX NIGERIA LIMITED

Project: Procurement of 100 meters Subsea flexible hose

Manufactured by: Copper State Rubber

TOTAL UPSTREAM NIGERIA LIMITED

Project 1: Procurement of Fire Blanket

Manufactured by: Fothergill Polycom

COMPLETED PROJECTS

TOTAL UPSTREAM NIGERIA LIMITED

Project 2: Procurement Pneumatic Actuator - AKPO FPSO

Manufactured by: Rotork Controls Inc.

TOTAL UPSTREAM NIGERIA LIMITED

Project 2: Procurement Pneumatic Actuator - AKPO FPSO

Manufactured by: Rotork Controls Inc.

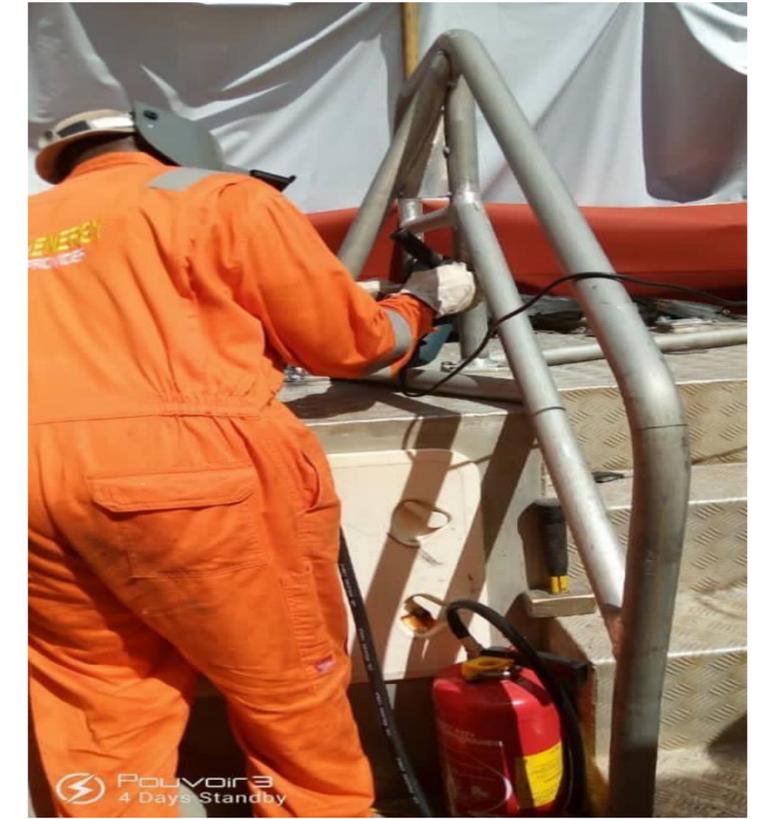

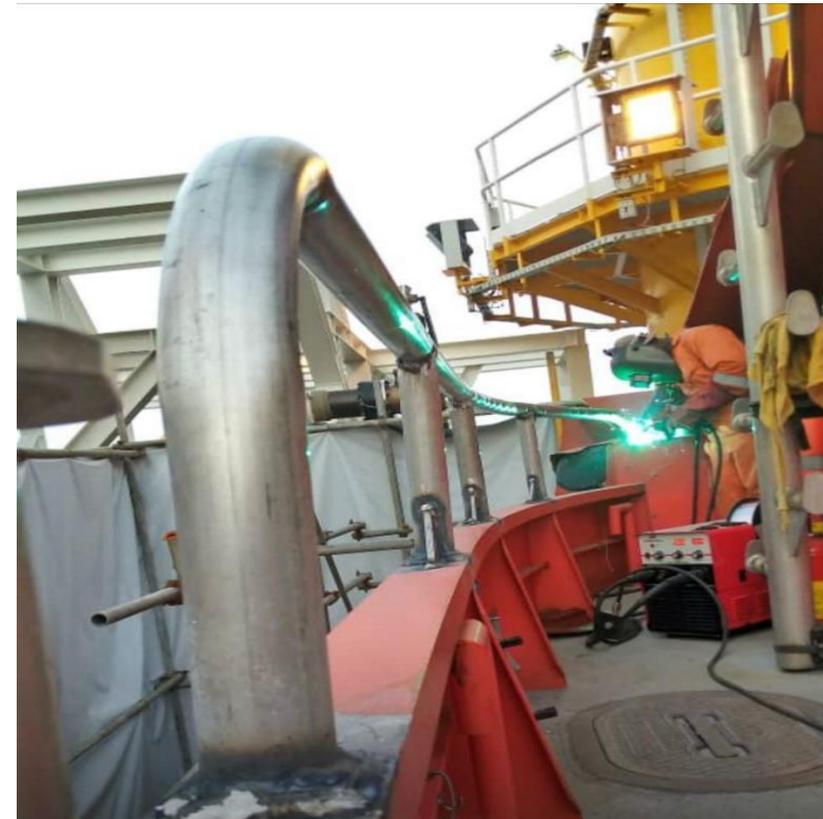

COMPLETED PROJECTS

TOTAL UPSTREAM NIGERIA LIMITED

Project 3: 18 Months, Pre-fabrication, Aluminum and Structural Repairs.

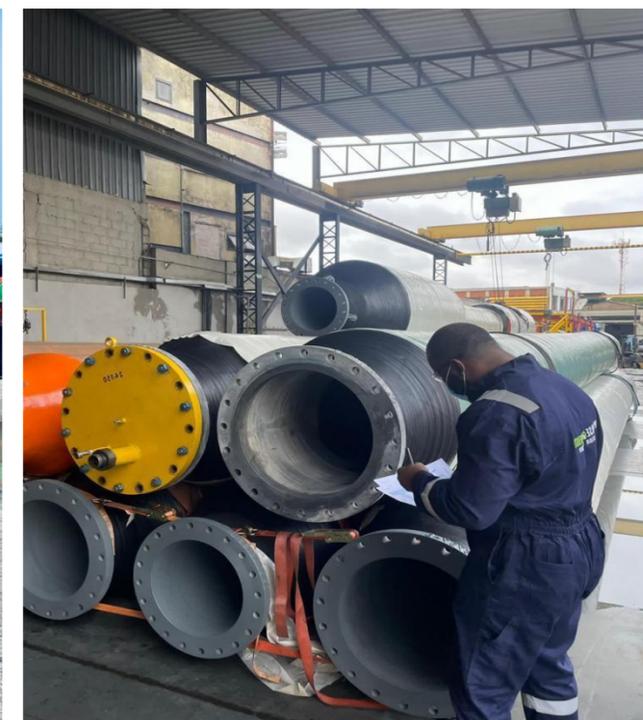

Facility: AKPO and EGINA FPSO Work boats (Nigeria West Africa)

Project 4: Design, manufacturing and supply of Full string Crude Oil Offloading Hoses and accessories year 2021/2022

And Supply of additional 4-unit spare hoses year 2025

Facility: AKPO FPSO (Nigeria West Africa)

COMPLETED PROJECTS

Client: NNPC- Antan Producing Limited

Project: SR-4024-4858 - Provision of Caterpillar Spare parts
for Izombe Flowstation

Facility: Izombe Flowstation

Our Sustainability

As a socially-responsible and environmentally-conscious establishment, we constantly endeavour to ensure that none of our operations are considered harmful, damaging or destructive to the fragile ecosystem in any way. Maintaining a good relationship with host communities and all stakeholders is integral.

HSE POLICY

Pearse Energy believes that good HSE performance is an integral part of efficient and profitable business management. We will therefore be guided by standard global safety practices such as:

- **HSE is of equal importance as other business activities.**
- **Safeguard the health and safety of all employees, contractors and third parties.**
- **Strive to enhance security of the life and equipment.**
- **No activity shall be carried out unless considered safe.**
- **Strive to minimize the impact of activities on the environment.**
- **We believe that every job must be done safely.**

TECHNICAL PARTNERS

MCR SAFETY

MCR Safety, a globally recognized leader in personal protective equipment (PPE).

MCR Safety offers a wide range of high-quality, certified safety products including Industrial gloves (cut-resistant, impact, chemical resistant), Eye and face protection, Flame-resistant (FR) clothing, High-visibility vests, coveralls etc.

OMS SALERI

OMS Saleri, is a manufacturer of highest quality, field-proven valves for diverse applications.

FLEXOMARINE

Manufacturer of high-quality Single/Double carcass Submarine Export, Offloading and Discharge hoses.

FLUITEC

Manufacturer of Fluid Enhancers, Lubrication Monitoring and Contamination & Varnish Controls and protection products.

Fluitec products are used globally across industries: VITA ESP II & III, Boost VR+, DECONTM, Infinity Turbine Oil, Spark FreeTM, Stealth EHCTM, Endure IXTM, Solvancer®, Mobil™ Solavancer® and Membrane Patch Colorimetry (MPC™) test for the protection of hydraulic system, rotating equipment, paper machine system, gearbox or other critical lube oil system from the damaging effects of varnish and sludge

TECHNICAL PARTNERS

PRYSMIAN GROUP/DRAKA OIL AND GAS

World largest cable manufacturer: Marine, subsea, offshore cables, subsea umbilical, risers and Flowline (SURF)

FOTHERGILL POLYCOM LTD.

Manufacturer of rubber compounds and rubber-coated - Fireproof fabrics from a custom-designed new facility in Oldham, Lancashire.

STOWEN GROUP

Engineering, Survey, fabrication, inspection, integrity, piping, drilling.

COPPER STATE RUBBER

Manufacturer of high-quality oil field, marine and industrial hose

BIOEX

BIOEX is a manufacturer of specialized fire prevention, detection, resistant equipment and materials like the newly engineered eco friendly ECOPOL 3N Firefighting Form Concentrate

PROSERVCRANE

ProservCrane Group, Inc manufactures overhead cranes and offers quality overhead crane parts for all makes and models of cranes.

TECHNICAL PARTNERS

OFFSHORE & TRAWL SUPPLY AS (OTS)

Mooring Hawser and other High tec synthetic fiber ropes products for operational installations in the offshore oil and gas market.

MODUS

AUV/ROV Inspection.

VENTUS WINDS

Drones (UAV) and Pipelines Inspection

PETRUSTECH

Integrated services (Inspection, Maintenance & Asset integrity services)

AIRBORNE BV

World leading manufacturer of TCP Hoses, Umbilical, SURF.

IOCS SRL

Hoses and ancillaries' equipment

CHARTER INDUSTRIAL SUPPLY

Valves, clamps, Fasteners, pipe fittings, couplings and hose accessories.

TADLOCK

Pipes, casing, drill Collar OCTG and tubing

NU-TECH CONTROLS

A leading manufacturer and exporter of industrial valves and pressure solution.

QIC INC.

Inspection, project management Quality Engineering

POWELL INDUSTRY INC.

Makers of High quality and durable circuit breakers and oil field electrical accessories.

TWI/PLANT INTEGRITY

Pipeline Fabrication, Testing, Inspection and Maintenance (LRUT/NDT)

UNIQUE POLYMER SYSTEMS (UPS)

Non-Weld Repair solution for piping system, Anti-Condensation Coating, Corrosion Detection etc.

QUALITY CERTIFICATE
